Lei Chen
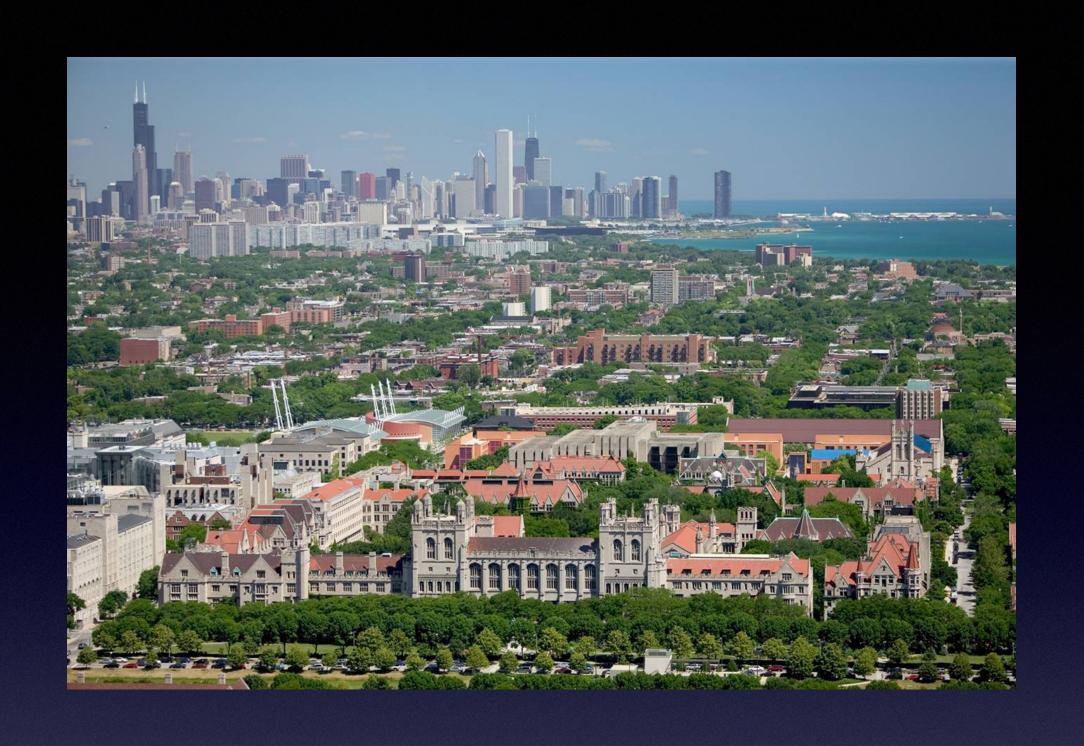

University of Maryland, College Park

Advisor: Benson Farb (Chicago)

A. Homomorphisms between MCG & braid groups
B. Virtual property of MCG
C. Homomorphisms between Homeo(M)
D. Group action on manifolds

Key Words

Mapping class groups

Homeo(M), Diff(M)

Nielsen Realization Problem

Nielsen-Thurston Classification

Automatic Continuity

Homology manifolds

Surface bundles over surfaces

Group action on manifolds

3-manifolds

4-manifolds

Fixed-point theory

Surface dynamics

"Adding points"

Virtual property of groups
